- ***Dile adiós al riesgo que conoces****

Piénsalo un segundo... ¿Y si pudieras montar un negocio de marketing multinivel que te diera un montón de beneficios? ¿Y si pudieras garantizar ganancias seguras a cada persona que se una a ti? Y lo mejor de todo, ¿sin tener que pedirle a nadie que arriesgue ni un solo céntimo de su bolsillo?... ¿Qué te parecería?

Esto no es un cuento de hadas. Es la nueva realidad de hoy. Y cómo conseguirlo es lo que vas a aprender ahora mismo.

Durante años, el marketing multinivel se ha basado en una promesa vacía: 'Invierte tu dinero al principio, trabaja como un burro día y noche, y el éxito llamará a tu puerta.'

¿Pero cuál es la verdad? El 97% de la gente pierde su dinero. Las amistades se rompen, las familias se distancian. La confianza se esfuma. El sueño bonito se convierte en una pesadilla.

Pero, ¿y si hubiera un camino totalmente diferente? ¿Y si pudieras demostrar tu compromiso sin soltarle un duro a ninguna empresa?

¿Y si la gente pudiera comprobar tu solidez financiera por sí misma en una blockchain pública (Blockchain) antes de confiar en ti?

¿Y si, en lugar de palabras bonitas, fueran 'contratos inteligentes' (Smart Contracts) los que garantizaran cada devolución (Refund) y cada céntimo de beneficio?

Entonces, ¡bienvenido al ****Programa SuccessGuard****! Impulsado por ****inhub.1bz.biz**** y conectado a la exitosa plataforma ****incruises.com****, una máquina probada para generar riqueza.

Este sistema revolucionario cambia la vieja 'inversión' por una nueva 'seguridad' (Security) que cualquiera puede verificar. Tu dinero nunca va a parar a manos de una empresa – siempre está bajo tu control total, en una plataforma pública como 'Uniswap' (Uniswap).

Lo usas como prueba de que vas en serio, y te ganas la confianza de la gente al instante.

Tus futuros socios (Followers) ven tu fondo de liquidez (Liquidity Pool) en la blockchain y entienden que no estás jugando.

Y cuando ellos triunfan, un contrato inteligente les devuelve automáticamente su inversión inicial. ¡Todos ganan, nadie pierde!

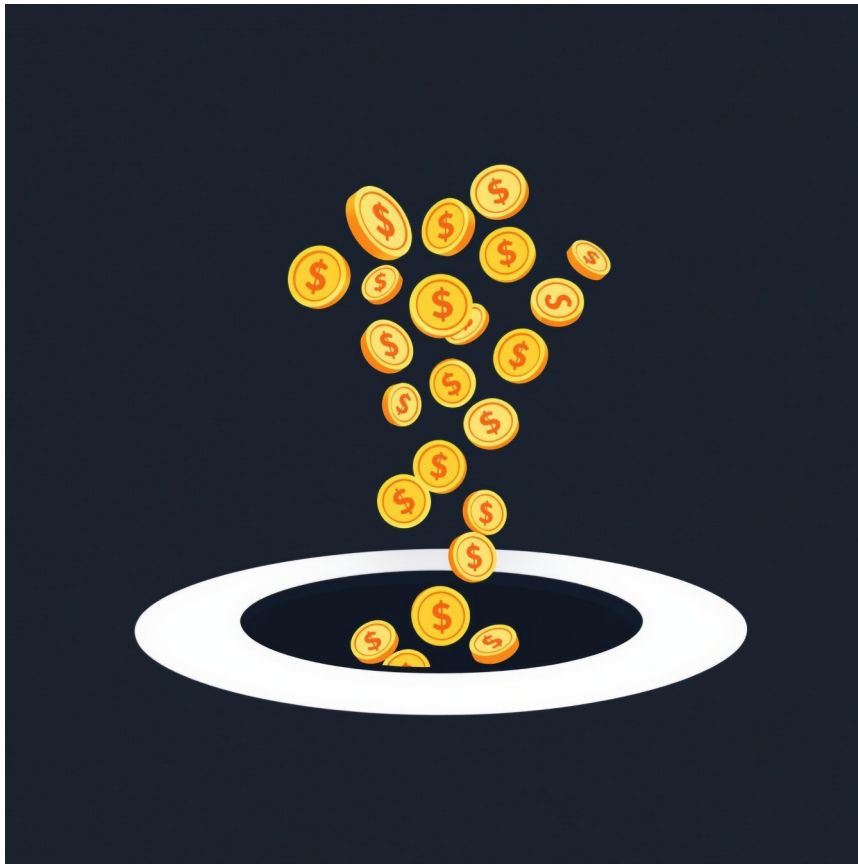

¿Cómo funciona esto exactamente? Este libro te lo explica todo, paso a paso, de forma súper sencilla.

¡La revolución del marketing multinivel ya está aquí! ¡Súbete al tren!

- ## ****¿Por qué el multinivel tradicional siempre falla?****

Es hora de destapar la verdad detrás de esta gran apuesta.

****Los sueños que te venden vs. la cruda realidad****

Sus folletos y vídeos son espectaculares. Gente sonriendo en playas de ensueño, historias de gente que gana millonadas, y esa frase repetida una y otra vez: '¡Cualquiera puede hacerlo!'

Ese es el sueño que te venden: una vida de lujo, tiempo para la familia, el respeto que da el dinero.

Pero la realidad suele ser justo lo contrario. Te pasas la vida persiguiendo gente nueva, intentando convencer a amigos que te miran raro, y vendiendo productos que muchas veces son más caros que los de la tienda.

Es esa angustia silenciosa al mirar tu panel de control online (Account) y ver: cero nuevos miembros hoy.

Es ese montón de productos sin vender acumulando polvo en el garaje – un recordatorio constante del dinero que tiraste solo para poder 'empezar'.

El sueño era tener 'ingresos pasivos' (Passive Income); pero la realidad se convierte en un 'segundo trabajo' (Second Job) estresante, agotador y sin ninguna garantía de cobrar a fin de mes.

****El problema de raíz: ¡Pagar para empezar!****

Aquí está el mayor problema del modelo tradicional: ****¡Te pide que pagues para poder trabajar!****

Piénsalo. ¿Pagarías 500€ de 'tasa de entrada' (Hiring Fee) a una empresa para ser comercial allí?

¿Le darías dinero al dueño de un bar para que te dejara trabajar de camarero?

¡Claro que no! Pero en el marketing multinivel, te venden este 'pack de inicio' o 'inversión inicial' como si fuera lo más normal del mundo.

Esa es la primera y la mayor barrera. Ese pago inicial te pone directamente 'en números rojos' (Minus) antes siquiera de empezar.

Tu aventura empresarial no empieza desde cero (Zero), sino desde bajo cero.

Antes de ganar tu primer euro de beneficio, tienes que recuperar lo que pusiste al principio.

Esto no es empezar un negocio; es jugar a la lotería. Estás apostando a que conseguirás meter a suficiente gente para, al menos, recuperar tu dinero.

Esa presión económica lo cambia todo. Convierte un proyecto que podría ser apasionante en una carrera desesperada por no perder.

****El círculo vicioso de reclutar sin parar****

Cuando empiezas perdiendo dinero, tu enfoque cambia por completo.

Ya no te importa tanto el producto (Product) ni atender bien al cliente. Tu única obsesión se convierte en 'reclutar gente nueva' (Recruitment).

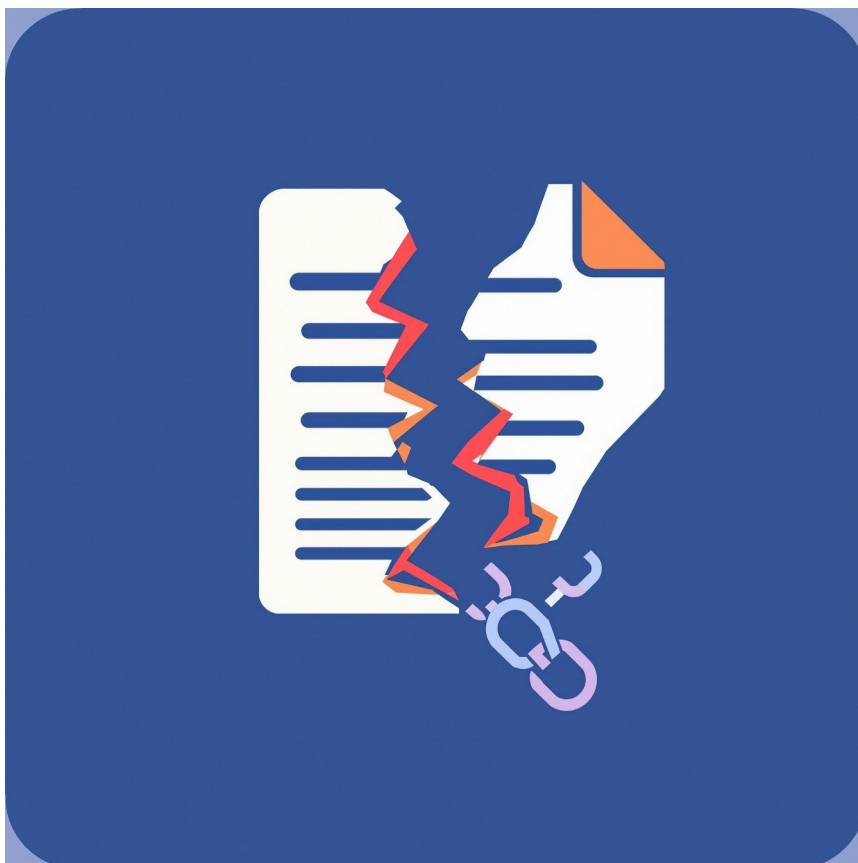

Tienes que encontrar a más personas dispuestas a pagar la cuota de entrada, igual que tú, porque esa suele ser la forma más rápida de recuperar tu inversión.

Esto crea un círculo vicioso terrible (Vicious Cycle). La 'oportunidad de negocio' se vuelve más importante que el producto en sí.

El modelo de negocio pasa de 'vender' a 'reclutar'. Te animan a crear una 'red de distribuidores' (Downline). No porque sean buenos vendedores, sino porque el dinero que pagan al entrar sube hacia ti.

Por eso mucha gente acusa al marketing multinivel de ser un 'timo piramidal' (Pyramid Scheme).

Cuando la actividad principal es conseguir que la gente pague para entrar, todo el sistema se vuelve inestable. Es como un castillo de naipes: necesita que constantemente entre dinero nuevo por abajo para sostener a los de arriba.

****El muro de la desconfianza: ¿Por qué huyen tus conocidos?****

Este modelo defectuoso también tiene un coste social enorme. Cuando tu principal objetivo es convencer a tus amigos y familiares para que paguen una cuota y se unan a tu negocio, tus relaciones empiezan a sufrir.

Dejan de verte como un amigo o familiar de confianza. Empiezan a verte como un 'vendedor pesado' que quiere sacarles algo.

Te enseñan a empezar por tu 'círculo cercano' (Warm Market) – es decir, la gente que más te quiere.

Pero después de tantos años viendo lo mismo, la gente ya está muy escarmentada. Han visto a algún amigo o familiar estrellarse en algo parecido.

Les han presionado para comprar cosas que no necesitaban o para ir a reuniones a las que no querían ir.

Esto ha creado una enorme 'barrera de desconfianza' (Trust Deficit). En cuanto pronuncias las palabras 'oportunidad de negocio' (Business Opportunity), levantan un muro y se ponen a la defensiva.

No solo estás luchando contra un modelo de negocio fallido; también estás luchando contra años de malas experiencias y promesas rotas.

****No es culpa tuya, ¡es culpa del sistema!****

Si alguna vez has probado el marketing multinivel tradicional y te has sentido un fracasado, lee esto con atención: ****¡No fue culpa tuya!****

Te dieron un mapa (Blueprint) equivocado. Te pidieron construir un rascacielos sobre cimientos de arena.

Estabas casi condenado a tener dificultades desde el principio.

El problema no es tu falta de esfuerzo, ni tu falta de fe, ni tu personalidad.

El problema está en el 'sistema' (System) en sí mismo – ese sistema que te pide dinero por adelantado, que prioriza reclutar gente sobre el valor del producto, y que destruye la 'confianza', el ingrediente fundamental para tu éxito.

Que el 97% de la gente fracase en el marketing multinivel no significa que el 97% sean vagos.

Esa cifra es la prueba definitiva de que el modelo en sí está mal hecho.

Pero, ¿y si hubiera otra manera? ¿Y si pudieras montar un negocio de marketing multinivel sin pedirle un euro a nadie por adelantado?

¿Y si pudieras liderar ofreciendo 'seguridad' en lugar de 'riesgo'?

¿Y si el sistema estuviera diseñado para 'construir' confianza, en lugar de 'destruirla'?

¡Prepárate! Porque eso es exactamente lo que vamos a descubrir en el próximo capítulo.

- *Capítulo 2**
- *Un Cambio Total de Juego**
- *Descubre el Marketing con 'Seguridad Primero' de la mano de InCruises**

Olvida todo lo que creías saber sobre 'invertir' en marketing multinivel. El programa SuccessGuard presenta una idea revolucionaria: tu dinero nunca es un pago a una empresa; es una 'garantía pública de seguridad' (Pledge of Security) que cualquiera puede comprobar. Este simple cambio derriba la mayor barrera para construir un equipo sólido basado en la confianza.

Neste capítulo, descobrirás como funciona o sistema SuccessGuard, como ele se conecta com a potente oportunidade da InCruises, e por que este modelo é o futuro inevitável do marketing multinivel.

****A Regra de Ouro: Segurança Sim, Investimento Obrigatório Não****

No marketing multinivel tradicional, você paga dinheiro **à empresa**.

Esse dinheiro está em risco, e não há garantia de recuperá-lo. SuccessGuard vira essa lógica de cabeça para baixo.

'Investimento zero' significa que seu capital (Capital) nunca é pago nem ao programa SuccessGuard nem à empresa InCruises.

Em vez disso, você usa seu capital para criar uma 'prova de compromisso' (Proof of Commitment) pública e verificável em uma plataforma de intercâmbio descentralizada (Decentralized Exchange) chamada 'Uniswap' (Uniswap).

Este fundo de liquidez (Liquidity Pool) serve como garantia para seus futuros parceiros. Demonstra que você tem a solvência para apoiar sua equipe.

Seu dinheiro permanece sob seu controle, bloqueado em um fundo público (Pool). Não na conta bancária de uma empresa.

Pense assim: é como ensinar seu extrato bancário para provar que pode devolver um empréstimo, em vez de dar todo o seu dinheiro ao banco.

O primeiro gera confiança; o segundo cria risco. SuccessGuard se baseia no primeiro.

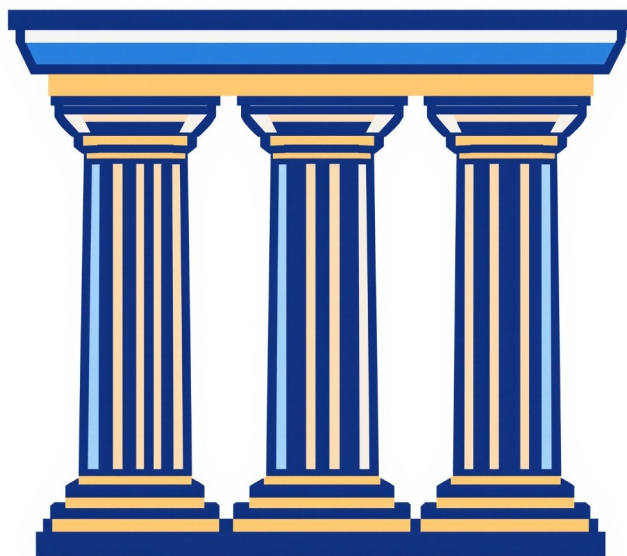

****A Ponte para o Sucesso: 'inhub' Une Sua Segurança com a Oportunidade****

O programa SuccessGuard funciona através de ****inhub.1bz.biz****. Esta plataforma atua como uma 'ponte' (Bridge) entre sua 'camada de segurança' (os fundos de liquidez da Uniswap) e sua 'oportunidade de gerar riqueza' (InCruises).

- ***O que 'inhub' faz por você:***
- ****Registro (Registration):**** Aqui você envia os detalhes da sua transação LP (fundo de liquidez) na Uniswap.

- **Contrato Inteligente:** A plataforma te guia para bloquear seus tokens LP no contrato inteligente seguro (Escrow).
- **Gestão de Equipe (Team Management):** Você recebe seu 'ID de Líder de Equipe' (Team Leader ID) único e pode seguir o estado de suas cinco vagas de parceiros (Slots) aqui.
- **Reclamações e Recompensas (Claims & Rewards):** Depois de um ano, é através deste portal onde você reclama suas recompensas (Rewards).

Mesmo que seu dinheiro esteja na Uniswap e sua atividade de marketing se realize na incruises.com, **'inhub'** atua como a 'cola' (Glue) que une todas as peças e assegura o cumprimento das garantias graças aos contratos inteligentes.

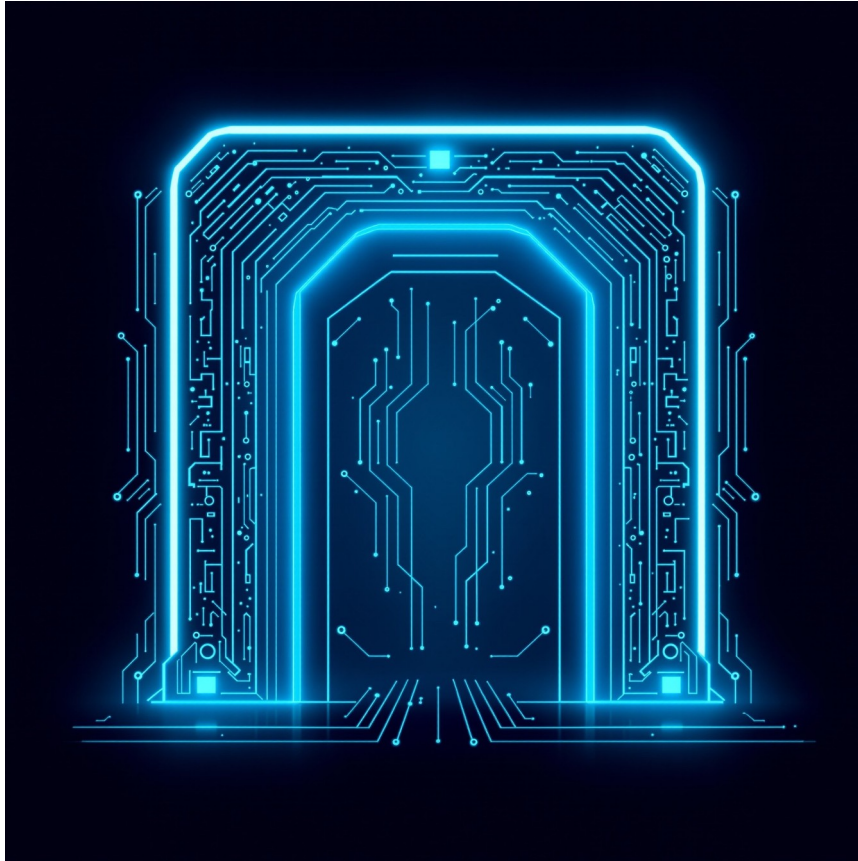

****Os 3 Pilares de Aço do Sistema SuccessGuard****

O programa SuccessGuard se apoia firmemente nestes três pilares interconectados:

- **Pilar 1: Fundo de Liquidez Uniswap (Seu Escudo de Segurança)** Você cria um fundo de liquidez na Uniswap com criptomoedas estáveis (Stable Tokens) como (BZeUSD/USDT ou BZeUSD/E2P).
- Este fundo é público, verificável por qualquer um, e permanece sempre sob seu controle. É a prova irrefutável de seu compromisso financeiro.
- **Pilar 2: Contrato Inteligente inhub (Seu Garante de Confiança)** Você bloqueia seus tokens LP (atenção, não seu dinheiro real!) no contrato inteligente da 'inhub'.
- Esta ação 'reserva' cinco vagas para seus futuros parceiros (Earmarks) e cria uma garantia blindada: você reembolsará o investimento deles na InCruises assim que triunfarem.

- ****Pilar 3: Membresia InCruises (Sua Máquina de Gerar Dinheiro)**** Uma vez que sua equipe de cinco esteja completa, você se une à InCruises com uma membresia ****100% gratuita**** (as taxas iniciais são reembolsadas pelo seu patrocinador (Upline Leader)).
- Aqui é onde você começa a gerar rendimentos significativos que podem mudar sua vida, graças às comissões, bônus e ganhos de equipe.

- ***O Contrato Inteligente: Sua Garantia Blindada****

O coração do sistema SuccessGuard é o 'Contrato Inteligente' (Smart Contract). É um programa de computador que roda na blockchain, e que ninguém pode modificar, parar ou manipular.

- ***Como funciona na prática?***
- Você deposita seus tokens LP no contrato inteligente.
- O contrato cria automaticamente cinco 'vagas' (Slots) vinculadas a você para seus futuros parceiros.
- Seus parceiros podem verificar na blockchain que seus tokens estão lá, bloqueados como prometido.
- Quando um parceiro entra e consegue formar sua equipe, o contrato gerencia automaticamente o reembolso devido por você.
- Passado um ano, se você cumpriu seus compromissos, você recupera seus tokens LP junto com suas recompensas (Rewards).

Isso não é a promessa de uma pessoa ou empresa. É uma garantia matemática, gravada no código, impossível de descumprir.

Falaremos mais sobre isso no capítulo 3.

- ***A Conexão com a InCruises: Seu Passaporte para a Riqueza****
- ***InCruises (incruises.com)**** é um clube de viagens por membresia, de reconhecido sucesso. Oferece férias de sonho e um plano de compensação (Compensation Plan) muito potente para ganhar dinheiro.

Leva anos funcionando com sucesso, e milhares de membros em todo o mundo obtêm rendimentos consideráveis graças a ele.

- ***Por que a InCruises é o parceiro perfeito para o SuccessGuard?*****
- ****Um produto que todos querem:**** Quem não gostaria de um cruzeiro de luxo (Cruises) ou uma viagem inesquecível?
- ****Um plano de ganhos que funciona:**** Muitas formas de ganhar dinheiro: bônus por inscrição, bônus por liderança, comissões contínuas...
- ****Oportunidade global:**** Você pode trabalhar de qualquer canto do planeta.
- ****Um estilo de vida atrativo:**** Você não vende produtos comuns; oferece férias de sonho (Dream Vacations).

O sistema SuccessGuard soluciona o maior obstáculo da InCruises: 'a barreira do investimento inicial'.

Com o modelo 'Segurança Primeiro', você pode atrair facilmente membros que sabem que seu dinheiro está seguro.

Assim que formam sua equipe de cinco, você (seu patrocinador) devolve a taxa de membresia da InCruises. Sua membresia se torna, portanto, ****gratuita****.

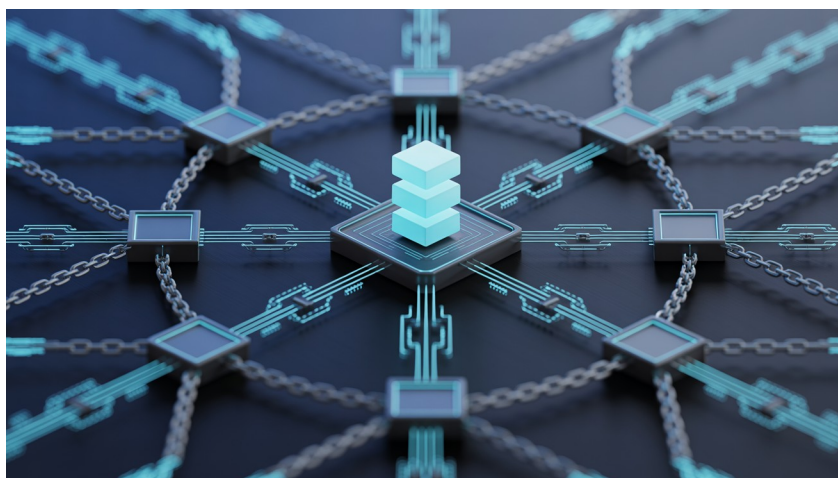

Isso elimina todo o 'risco' (Risk) e provoca um crescimento explosivo do negócio.

- ***O processo em duas fases:****

- ****Fase 1: Construir sua rede de segurança**** - Crie seu fundo de liquidez, bloqueie seus tokens LP e recrute cinco parceiros que façam o mesmo.
- Isso gera confiança e demonstra seu compromisso.
- ****Fase 2: Unir-se ao programa de marketing**** - Assim que sua equipe estiver pronta, você se une à InCruises.
- Seu patrocinador devolve seu investimento inicial. Agora você tem uma ****membrosia gratuita**** e uma equipe pronta para triunfar com você.

- ***Capítulo 3***
- ***Aquele Contrato Inteligente Impossível de Quebrar***
- ***Como a Tecnologia Assegura Sua Confiança e Suas Garantias***

Aqui é onde a tecnologia e a confiança se unem. Neste capítulo, vamos detalhar como o contrato inteligente do SuccessGuard funciona como um 'cofre' (Vault) digital, completamente imparcial, incorruptível e ultra seguro.

Você descobrirá como a tecnologia blockchain cria um ambiente totalmente transparente, à prova de fraudes, onde cada garantia é aplicada automaticamente, sem margem para dúvidas.

****A Lógica da Máquina de Refrigerantes: Tudo Funciona Sozinho!****

Pense no contrato inteligente como uma máquina de vendas (Vending Machine). Você insere a moeda, aperta o botão, e a máquina te entrega sua bebida ou lanche instantaneamente.

Não há ninguém ali que possa mudar de ideia, esquecer ou tentar te enganar.

A máquina segue sua programação à risca, sempre.

O contrato inteligente do SuccessGuard funciona exatamente da mesma forma. Quando você deposita seus tokens LP, o contrato automaticamente:

- Cria cinco espaços para parceiros vinculados ao endereço do seu monedero digital.
- Registra a hora e a quantidade exata na blockchain de forma permanente.
- Estabelece o período de 'bloqueio' (Lock Period) de um ano.
- Permite aos seus parceiros verificar seu compromisso e a existência dos fundos.

E assim que as condições são cumpridas (por exemplo, quando seu parceiro formou sua equipe), o contrato executa o pagamento do reembolso (Refund) de forma imediata e automática.

Sem necessidade de aprovação humana. Sem demoras. Sem desculpas. Apenas certeza matemática pura e dura.

****Confie no 'Código': Contratos Inteligentes Não Enganam****

Nos negócios tradicionais, a confiança se baseia na reputação, nos contratos em papel e na lei. Mas tudo isso pode falhar.

Uma empresa pode ir à falência. Uma pessoa pode descumprir sua palavra. Um processo judicial pode levar anos.

Os contratos inteligentes eliminam essa incerteza. Uma vez que este 'código' (Code) informático é publicado na blockchain, ninguém no mundo pode mudá-lo – nem os programadores que o criaram, nem a empresa, nem mesmo um governo.

As regras estão gravadas em pedra digital, são visíveis para todos e se aplicam automaticamente, sem intervenção.

- *As chaves do contrato inteligente SuccessGuard:**
- ****Imutável (Immutable):**** Uma vez publicado, o código não pode ser alterado jamais.
- ****Transparente (Transparent):**** Qualquer um pode ler o código do contrato e verificar sua lógica.
- ****Autônomo (Autonomous):**** Funciona por si só sem necessidade de intervenção humana.
- ****Não requer confiança (Trustless):**** Você não precisa confiar em uma pessoa ou empresa; só precisa confiar nas matemáticas (Math).

****O Sistema de Bloqueio (Lock-in): Sua Palavra Vale e é Protegida****

Quando você bloqueia seus tokens LP no contrato inteligente, você está dando uma promessa firme. Este 'bloqueio' cumpre várias funções:

- ***Para você (como líder):****
- Te impede de retirar o dinheiro antes do tempo e deixar sua equipe na mão.
- Demonstra aos novos parceiros potenciais que você está falando sério e a longo prazo.
- Te permite optar por receber recompensas (Rewards) depois de um ano.
- ***Para seus parceiros (Followers):****
- Lhes dá a prova irrefutável de que você tem os fundos para reembolsá-los.
- Lhes dá a segurança de que você não vai desaparecer de repente.
- Lhes garante que você está investindo economicamente em seu sucesso.
- ***Importante:**** Se no final você não patrocinar ninguém (as cinco vagas ficarem livres), pode recuperar seus tokens LP quando quiser, sem nenhuma penalização.

O 'bloqueio' só se aplica se você assumiu compromissos com sua equipe. Assim é justo para todos.

****Transparencia Total: ¡Todo Queda Registrado a la Vista!****

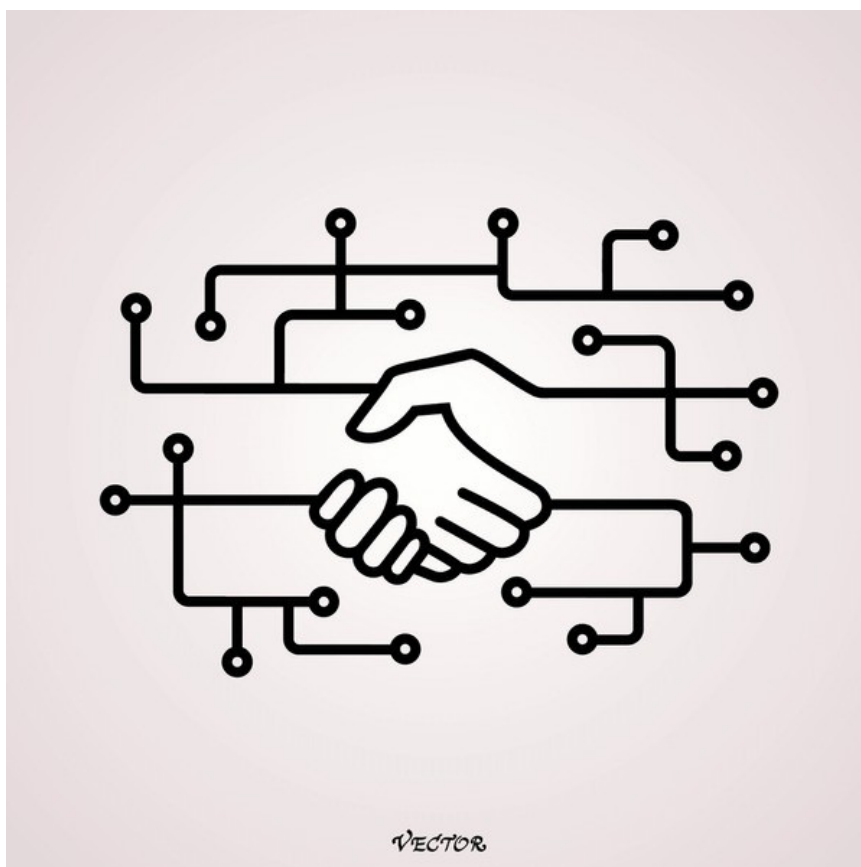

Una de las características más potentes de la blockchain es su registro público (Public Record), permanente e inalterable.

Cada acción realizada a través del contrato inteligente SuccessGuard queda registrada en la blockchain para siempre.

- *¿Qué significa esto para ti?*
- Tus futuros socios pueden verificar tu depósito de tokens LP antes de decidir unirse.
- Puedes verificar el compromiso de tu patrocinador antes de unirte a InCruises.
- Todos los reembolsos (Refund) quedan registrados públicamente, nadie puede negarlos.
- Cualquiera puede auditar (Audit) todo el historial del programa.

Este nivel de transparencia (Transparency) es impensable en el marketing multinivel tradicional.

Elimina el fraude, construye confianza al instante y asegura la responsabilidad en todos los niveles.

- ***El Apretón de Manos Digital: Un Trato Cerrado entre Líder y Seguidor****

El contrato inteligente facilita un 'apretón de manos' (acuerdo) digital entre líderes y socios. Así funciona:

- ****El líder crea el fondo:**** Creas tu fondo de liquidez en Uniswap y bloqueas los tokens LP en el contrato inteligente.
- ****El socio verifica:**** Un socio potencial comprueba en la blockchain que tus tokens están bloqueados y que eres de fiar.
- ****Conversación y acuerdo:**** Habláis sobre el programa y acordáis trabajar juntos.
- ****Reserva del monedero (Earmarking):**** Reservas una de tus cinco plazas para la dirección del monedero de ese socio.
- ****El socio se une:**** Ese socio crea ahora su propio fondo y bloquea sus propios tokens LP del mismo modo.
- ****Compromiso sellado:**** Ahora ambos estáis ligados por el acuerdo. El socio sabe que, en cuanto forme su equipo, tendrás que reembolsarle su inversión en InCruises.

Este protocolo de 'apretón de manos' crea un acuerdo firme y transparente, sin necesidad de abogados, papeleo ni dudas sobre la confianza. El código se encarga de todo automáticamente.

- ***El poder de las garantías inquebrantables:****

El contrato inteligente SuccessGuard transforma el marketing multinivel. Pasamos de un sistema 'basado en la confianza personal' (donde se puede mentir o incumplir) a un sistema 'basado en el código' (donde las garantías se aplican matemáticamente).

Por eso 'Cero Inversión, Retornos Garantizados' no es solo un lema, sino una realidad que puedes comprobar.

- ***Extras Importantes****
- ***La Conexión entre 'inhub' e 'InCruises'****
- ***Entender Todo el Sistema****

El programa SuccessGuard crea un potente ecosistema (Ecosystem) que conecta estas tres plataformas:

- ***1. Uniswap (Tu Escudo de Seguridad)****
- Una plataforma de intercambio descentralizada (Decentralized Exchange) pública. Aquí creas tu fondo de liquidez.
- Tu dinero permanece aquí, bajo tu control, y genera automáticamente comisiones de transacción (Trading Fees). Es tu prueba irrefutable de compromiso.
- ***2. inhab.1bz.biz (Tu Garante de Confianza)****
- La plataforma operativa (Operational Platform) real que lo gestiona todo. Aquí bloqueas tus tokens LP, gestionas tu equipo e interactúas con el contrato inteligente.
- Es el puente que conecta tu 'seguridad' con tu 'oportunidad de oro'.
- ***3. incruises.com (Tu Máquina de Generar Dinero)****
- Un club de viajes exitoso y de renombre. Aquí generas ingresos reales y continuos a través de comisiones, bonos y ganancias de equipo.
- Es tu destino hacia la riqueza que cambiará tu vida.

Cada plataforma cumple una función específica, y todas trabajan juntas en armonía para crear un sistema mucho más seguro, transparente y rentable que cualquier oportunidad de marketing multinivel tradicional que puedas encontrar.

- ***El Camino Fácil para Conseguir Tu Membresía de InCruises ¡GRATIS!****

****Guía Paso a Paso para Empezar Sin Ningún Riesgo (Zero-Risk)****

- ***Paso 1: Crea tu garantía (Fondo de Liquidez Uniswap)****
- Usa MetaMask u otro monedero Web3 para crear un fondo de liquidez en Uniswap con tokens estables (BZeUSD/USDT o BZeUSD/E2P).
- Cantidad sugerida: Tokens por valor de 600 \$. Como prueba, recibirás tokens LP.
- ***Paso 2: Regístrate en inhab****
- Ve a inhab.1bz.biz y envía el hash (Transaction Hash) de tu transacción en Uniswap. La plataforma verificará tu fondo y te dará un 'ID de Líder de Equipo' (Team Leader ID) único.
- ****Paso 3: Bloquea tus tokens LP****

A través del portal inhab, bloquea tus tokens LP en el contrato inteligente.

- Esto reservará cinco plazas para tus socios y activará (Activate) tu garantía de seguridad.
- ***Paso 4: Forma tu equipo de cinco personas****
- Comparte tu 'ID de Líder de Equipo' con la gente interesada. Ellos comprobarán tu compromiso en la blockchain, luego crearán sus propios fondos y se unirán a tu equipo.
- Una vez llenas las cinco plazas, ¡estás listo para el siguiente paso!
- ***Paso 5: Únete a InCruises con total confianza****

- Con tu equipo ya formado, únete a incruises.com usando el enlace de tu patrocinador y haz la inversión necesaria.
- ***Paso 6: Recupera tu dinero (Refund)****
- Tu patrocinador te devolverá toda tu inversión en InCruises a través del contrato inteligente. Tu membresía ahora es ****¡totalmente gratis!****
- Ahora mismo, tu riesgo es cero, pero tu potencial de ganancias es ilimitado.
- ***Paso 7: Repite la jugada****
- Cuando tus cinco socios formen sus propios equipos, tú les devolverás sus inversiones en InCruises.
- Se convertirán en miembros activos en tu red (Downline), generándote comisiones. Este ciclo continúa, haciendo con que tus rendimientos crezcan exponencialmente.
- ***El Programa en Pocas Palabras****
- ***Inversión Necesaria:** *Cero (ZERO)**** (creas un fondo en Uniswap, el dinero sigue siendo tuyo)
- ***Tiempo Necesario:**** 30 minutos para empezar, luego el tiempo que tú quieras dedicarle a formar tu equipo
- ***Periodo de Bloqueo:**** 1 año (o hasta que lo retires si no patrocinas a nadie)
- ***Ganancias Garantizadas (Returns):****
- 4% anual de la red 1bz (para el fondo BZeUSD/USDT)
- 8% anual de la red 1bz (para el fondo BZeUSD/E2P)
- Un bono extra del 4% o 8% de tu líder cuando formes tu equipo
- Comisiones pasivas por operar en Uniswap
- Comisiones y bonos de InCruises (¡sin límite!)
- ***Nivel de Riesgo (Risk):** *Mínimo**** (tu dinero está en Uniswap, las monedas estables reducen el riesgo de pérdida de valor (Impermanent Loss), el contrato inteligente te protege)
- ***Plataformas Clave:****
- ****Uniswap:**** Para crear el fondo de liquidez
- ****inhub.1bz.biz:**** Para bloquear los tokens LP y gestionar el equipo
- ****incruises.com:**** Para ganar dinero
- ***¿Cómo Funciona de Verdad el Contrato Inteligente?****

****Explicación Técnica (para los más curiosos)****

****Funciones Principales del Contrato Inteligente SuccessGuard:****

- ***1. Depósito de Tokens LP****
- El usuario deposita tokens LP de Uniswap.
- El contrato registra dirección del monedero, cantidad y hora exacta.
- Se crean cinco plazas para socios vinculadas al monedero del usuario.
- Comienza el periodo de bloqueo de un año.
- ***2. Reserva del Socio (Earmarking)****
- El líder puede reservar hasta cinco direcciones de monederos de socios.
- Sólo el líder o el administrador (Admin) pueden modificar estas direcciones.
- Los socios pueden verificar su reserva en la blockchain.

- Una vez reservado, los tokens LP del líder quedan bloqueados durante un año.
- ***3. Mecanismo de Reembolso (Refund)***
- El líder deposita la cantidad del reembolso en el contrato inteligente.
- En cuanto el socio completa su equipo de cinco, el contrato le transfiere automáticamente el reembolso.
- Todas las transacciones quedan registradas en la blockchain.
- No se necesita intervención humana.
- ***4. Condiciones de Retiro (Withdrawal)***
- ****Retiro Anticipado (sin socios):**** Si no se ha reservado ninguna dirección, el usuario puede retirar los tokens LP cuando quiera.
- ****Retiro Normal (después de 1 año):**** Si hay socios reservados, el usuario debe esperar un año y cumplir todas las obligaciones de reembolso.
- ****Distribución de Recompensas:**** Al retirar, el usuario recibe sus tokens LP más las recompensas (Rewards) acumuladas de la red 1bz.
- ***5. Funciones del Administrador (Admin)***
- En caso de disputa, el administrador puede modificar las direcciones de los socios.
- Algunas retiradas especiales pueden necesitar la aprobación del administrador.
- Para transparencia, todas las acciones del administrador también se registran en la blockchain.

****Características de Seguridad:****

- Protección del monedero con firmas múltiples (Multi-signature).
- Bloqueo temporal (Time-lock) para evitar retiros antes de tiempo.
- Reembolso automático para eliminar errores humanos.
- Registro de auditoría público (Public Audit Trail) para todas las transacciones.
- Código inmutable (Immutable Code) que nadie puede cambiar después del inicio.

The Three Pillars of the SuccessGuard System

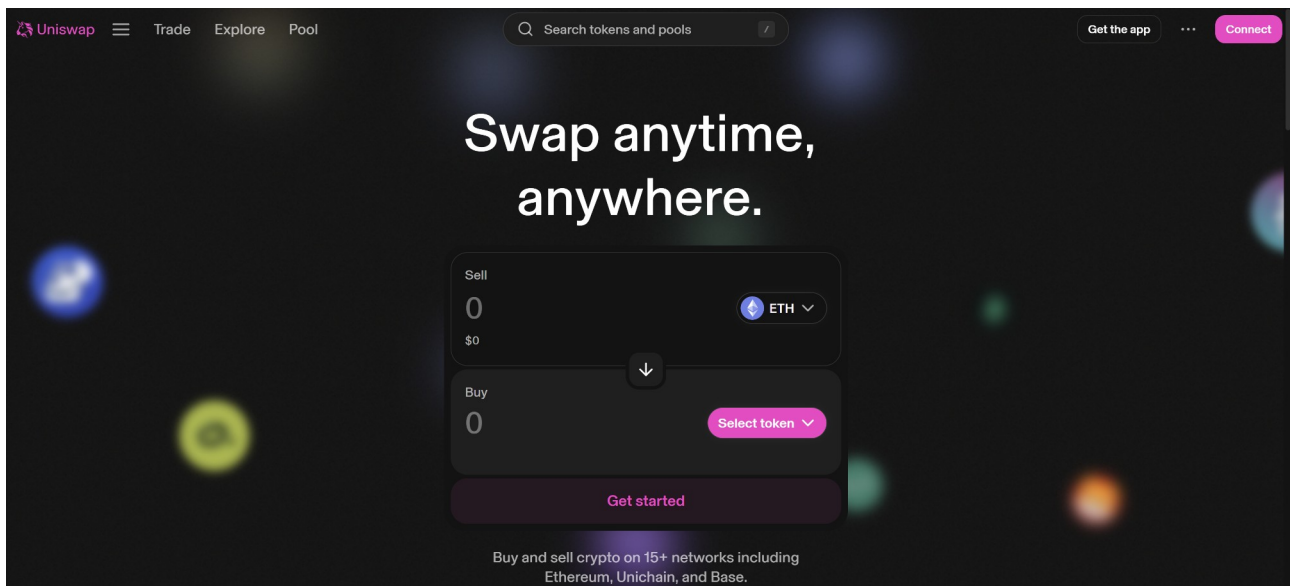

The SuccessGuard Program operates on three interconnected pillars:

Pillar 1: Uniswap Liquidity Pool (Your Security Layer)

You create a liquidity pool with stable tokens (BZeUSD/USDT or BZeUSD/E2P) on Uniswap. This pool is public, verifiable, and remains under your control. It serves as proof of your financial commitment. I suggest to go for currency representing BzeUSD/USDT to avoid loss in token valuation and if you feel confident enough bearing price variation then BzeUSD/E2P is ok.

Once you create liquidity pool at uniswap the LP token stores as NFT in your wallet and it will look as follows. I am providing process as image files below.

1. first step visit uniswap website and it will look like the below image file.

2. Thereafter connect your wallet by clicking right side corner button connect (Most people use metamsk and i use the same)

Step 3: Get Your Tokens Ready

Before you can create your liquidity pool, you need to have the right assets in your wallet. Here's the simple guide to getting prepared.

Your Shopping List

You have two main options for your liquidity pair. You will need **\$300 worth** of *each* token (for a **\$600 total**):

- **Option 1:** E2P + BzeUSD
- **Option 2:** USDT + BzeUSD

To get these, you'll start by funding your wallet with USDT.

How to Get Your Tokens

Follow these steps, and you'll be ready in no time.

1. Prepare Your Wallet & Funds First, make sure your **MetaMask wallet** is set to the **Polygon Matic Blockchain**.

Next, you'll need around **\$600 in USDT** to get started. You can buy USDT on any major centralized exchange (like Binance, Kraken, etc.) and then withdraw it to your MetaMask wallet address. **Crucially, make sure you withdraw it on the Polygon (Matic) network.**

2. Go to Uniswap.org This is where you will swap your USDT for the tokens you need.

3. Swap for Your Tokens Using the Contract Address This is the most important part! To avoid scams and find the *exact* tokens, **do not search by name**. Instead, you will copy and paste the official contract addresses into the Uniswap "select token" field.

Here are the official addresses you need:

E2P Token Address: 0x63453aBC2791e36cAE5b43E49080311129B939D2

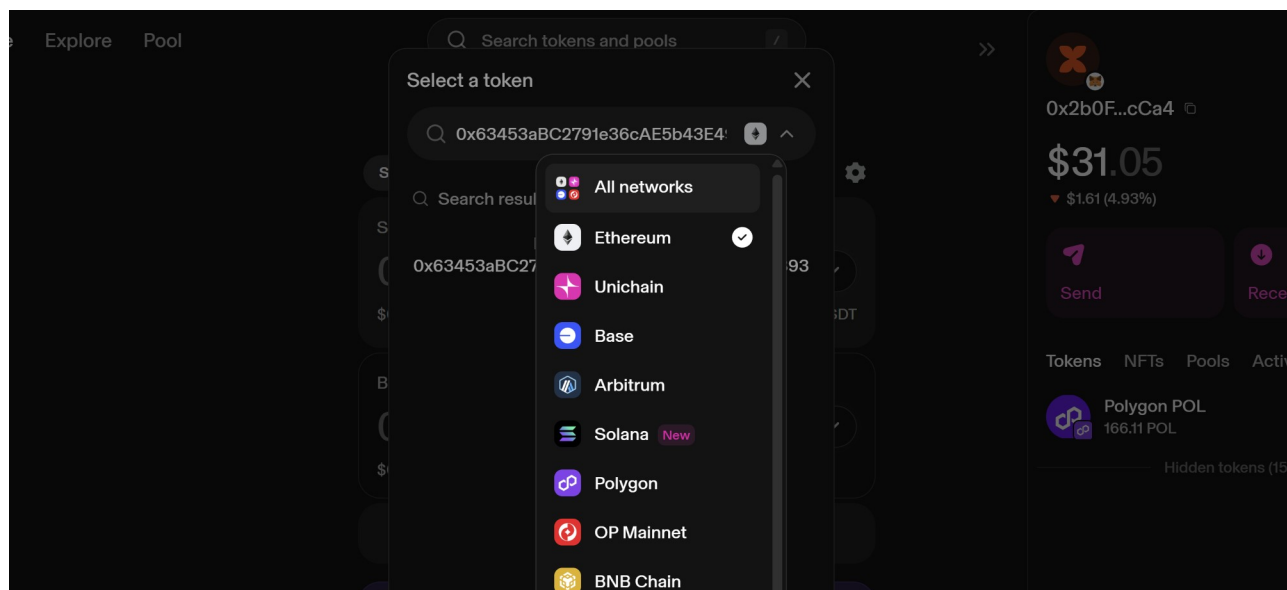

BzeUSD Token Address:

0xC8a8215C04c8cB640a2A82E4A1B6Ca1811D7a650

For example, to get 300 E2P, you will swap \$300 worth of your USDT for it. Then, you'll do a second swap for \$300 worth of BzeUSD (unless you are using USDT as your second pair).

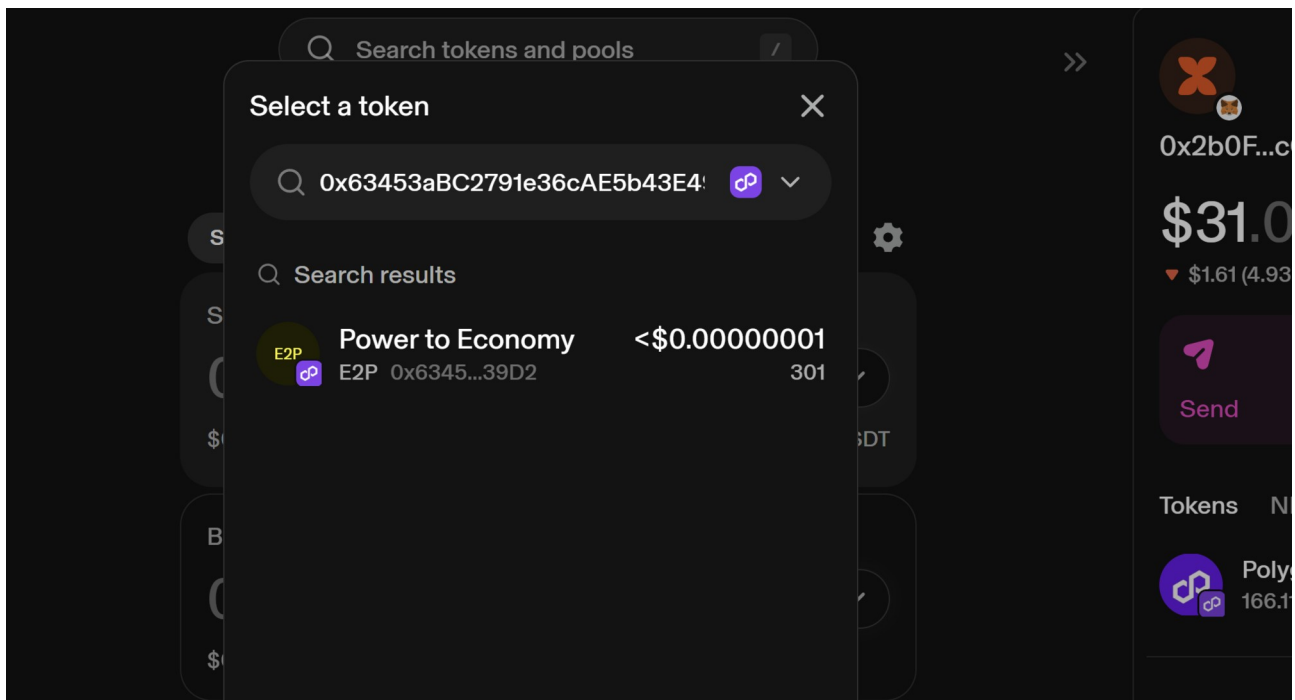

As you can see in the screenshot below, the process is simple: you select USDT as the token you "pay with" and paste the contract address for the token you want to receive.

Before doing this wrapping you have to select Polygon matic network in Uniswap.org .

in the above image you can see all networks among that you have to select Polygon network

after selecting the network you have to who enter required token address or token name in the for getting the value for doing the swapping .

So I have entered E2P token contract address and you can see the token appearing below. And After selecting the token name swap 300 USDT tokens or BzeUSD tokens to buy E2P token

Once you exchange tokens the token may not appear in your wallet (metamask). Therefore you have to do importing token address in the wallet address, so that it can show in the wallet.

I am showing that images also so that you cannot get confused after buying why the token is not appearing .

✅ A Vital Step: Make Your New Tokens Visible in MetaMask

After you buy your tokens on Uniswap, they might not automatically appear in your MetaMask wallet. Don't worry! The tokens are safe and in your wallet; you just need to "import" them so MetaMask knows to display them.

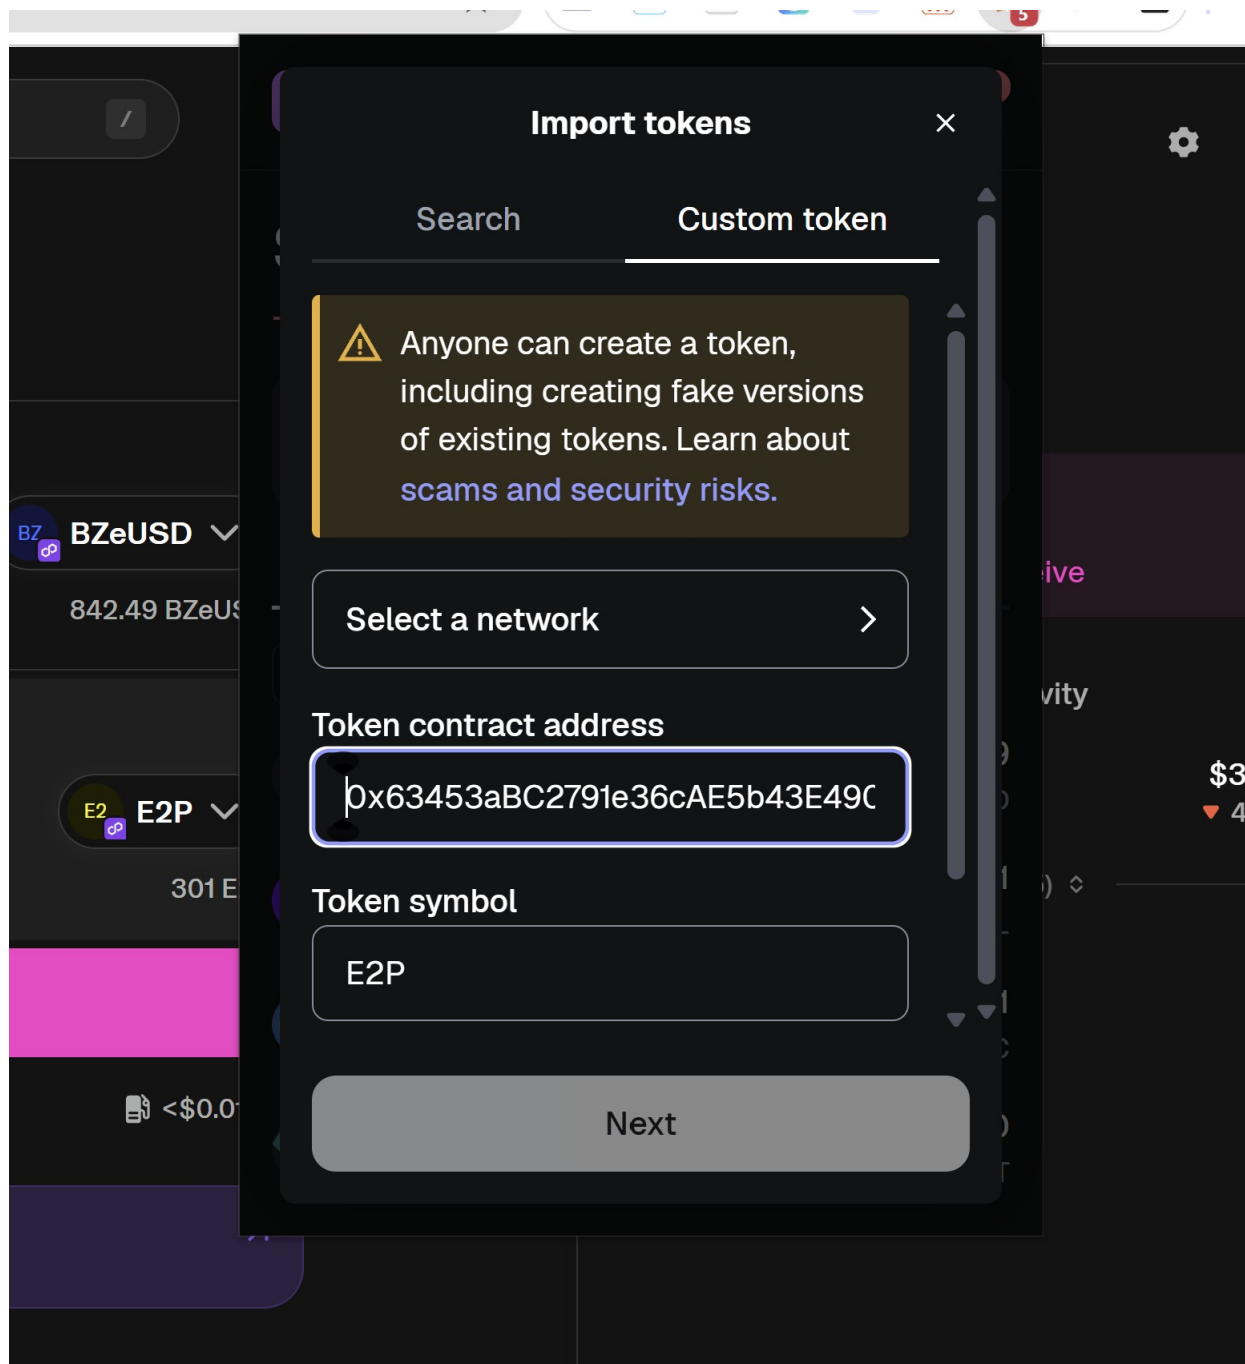

Here is the simple, two-minute process.

1. **Stay on Polygon:** First, make sure your MetaMask wallet is still set to the Polygon Matic network.

2. Find "Import Tokens": On your main wallet screen, scroll to the bottom of your "Assets" list. You will see a link that says "Import tokens". Click it.
3. Choose "Custom Token": You will see a new window. Select the "Custom Token" tab at the top.
4. Enter Contract Addresses: This is the most important step. You will copy and paste the official contract addresses, one at a time.
 - For E2P: Paste this address into the "Token Contract Address" field:
0x63453aBC2791e36cAE5b43E49080311129B939D2
 - For BzeUSD: Paste this address into the "Token Contract Address" field:
0xC8a8215C04c8cB640a2A82E4A1B6Ca1811D7a650
5. Add and Confirm: After you paste each address, the "Token Symbol" (e.g., E2P) and "Decimals" should fill in automatically. Click the "Add Custom Token" button, and then confirm by clicking "Import Tokens".

Repeat this process for the second token.

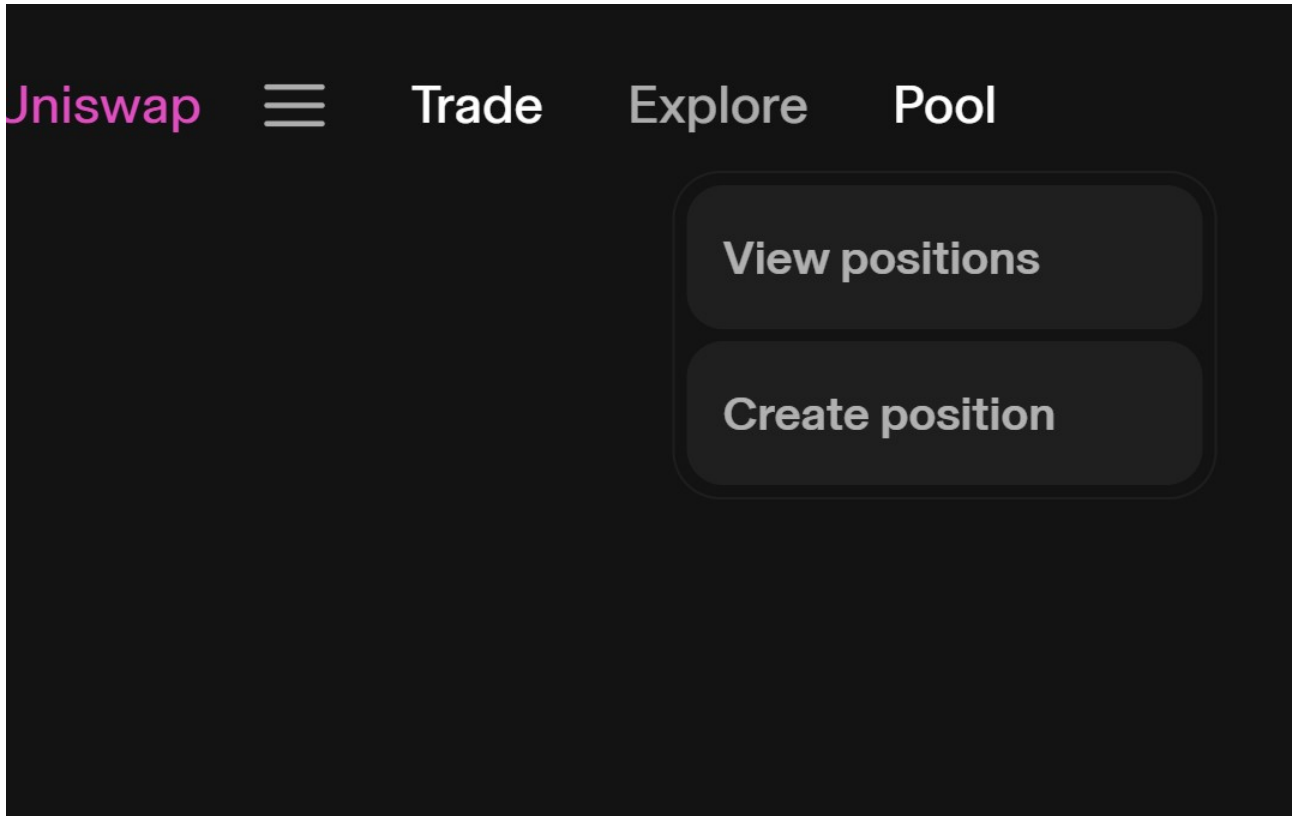

Once you have done this, you will see both E2P and BzeUSD in your MetaMask wallet, along with the correct balance you purchased.

Once you have desired number of 300 tokens of BzeUSD:USDT or 300 BzeUSD: And equivalent value of E2P (i.e 1.49 or 1.5 e2p traded at the time of writing this book)you can start depositing the tokens in liquidity pool at app.uniswap.org website itself

3. So far I have explained how to procure the tokens for doing the pool creations. therefore I do not want you to confuse with unnecessary explanation. Therefore now we will go for creating Liquidity pool and therefore I am showing the explanatory images, which will self explain the process of creating Liquidity pool at uniswap.org

The "No-Risk" Network: How to Earn Without Investing

You might be wondering: what is the purpose of this entire system?

The answer is simple: **To build a powerful, high-reward network without the traditional financial risk.**

This model is designed to create unlimited reward potential by establishing a foundation of verifiable trust. Unlike other programs, you **never deposit your \$600 into the inhub portal**. Your money remains secure in your own wallet, where it's already earning you rewards.

You simply use your "proof of funds" (an LP Token) as a security guarantee for your team. This allows you to build a network where your team leader reimburses your initial membership fee, and you, in turn, do the same for your new members. It's a system built on security and mutual success.

Here is the 3-pillar system that makes it work.

The Three Pillars of Your Success

Pillar 1: Uniswap Liquidity (Your Capital)

You begin by providing a minimum of **\$600** in value to a Uniswap liquidity pool (e.g., \$300 of E2P and \$300 of BzeUSD).

- **Your Funds are Safe:** You do not send this \$600 to anyone. It stays in the pool, associated with *your* wallet.
- **You Receive an LP Token:** In return, Uniswap gives you an LP (Liquidity Pool) token. This token (which is an NFT) is your proof of deposit and is the *only* thing you will use in the inhub portal.

Pillar 2: inhub Smart Contract (Your Trust Enforcer)

Next, you lock your **LP token** (not your actual funds) into the inhub smart contract. This is the most critical step, as it:

- **Acts as a Guarantee:** It creates an unbreakable, on-chain guarantee that you can cover the initial **\$100 BzeUSD** membership fee for your new team members.
- **Builds Trust:** This "security fund" proves to your recruits that their initial investment is safe, as you are committed to reimbursing them when they succeed.
- **Unlocks Your Slots:** This action officially "earmarks" the five follower slots under you. (Note: This security fund cannot be moved after you recruit a team member.)

Pillar 3: inCruises Membership (Your Wealth Engine)

Once you build your team of five, you join inCruises. Your upline leader refunds your initial fee, making your membership **effectively free**.

This is where you begin to generate life-changing income through the powerful inCruises compensation plan, which includes commissions, bonuses, and team overrides. (*For full details, refer to the official inCruises Compensation Plan.*)

Your Triple-Reward Structure

While your \$600 in liquidity is safe, it's also **working for you in three ways at the same time:**

1. **Uniswap Pool Fees (Approx. 1%):** You automatically earn a percentage of the 1% swap fee every time your tokens are used on Uniswap. With a large pool and high transaction volume, this provides a solid return on its own.
2. **inhub Portal Rewards:** This is your primary reward from our system for locking your LP token and building your team.
3. **Team Leader Match:** Your team leader matches the inhub reward, doubling your return.

Here is the rewards breakdown based on your chosen pool:

- **Pool 1 (e.g., USDT:BzeUSD):**
 - 4% from inhub
 - 4% from your Team Leader
 - **Total: 8% on \$600 = \$48 BzeUSD** (plus your Uniswap fees)
- **Pool 2 (e.g., E2P:BzeUSD):**
 - 8% from inhub
 - 8% from your Team Leader
 - **Total: 16% on \$600 = \$96 BzeUSD** (plus your Uniswap fees)

These BzeUSD rewards can then be held or swapped for USDT or other tokens at any time on Uniswap.

Your Next Step: Get Connected

Now that you have your **Token ID** and **Transaction Hash** from creating your liquidity pool, it's time to get assigned to a team.

You have three options:

1. Contact your existing team leader directly.
2. Email **inhub@pxdmail.net** to be assigned a team leader in your area.
3. Use the **contact form at the end of this book**. Fill it out with your details (Email, Wallet Address, Token ID, and Transaction Hash), save it, and email the form to us.

4. RECURRING INCOME

All inCruises Rank Leaders are eligible to earn a minimum \$5.00 of Recurring Income for every \$100 of Recurring Qualified Production (RQP).

Recurring Qualified Production is calculated based on the combined recurring production of you and your partner team, subject to a 40% Rule.

Applied here this rule ensures that no more than 40% of the production necessary for achieving Recurring Qualified Production Thresholds can come from one Partner leg.

It is important to note that although Recurring Qualified Production uses a 40% rule like Qualified Production it is calculated independently according to the Recurring Qualified Production Thresholds and the maximum allowable Recurring Qualified Production from any one Partner leg per the schedule below.

Recurring Qualified Production								
Thresholds	< \$3,000	\$3,000 to \$9,900	\$10,000 to \$24,900	\$25,000 to \$49,900	\$50,000 to \$99,900	\$100,000 to \$249,900	\$250,000 to \$549,900	\$550,000
Max RQP per leg- (40% rule)	\$1,200	\$1,200	\$4,000	\$10,000	\$20,000	\$40,000	\$100,000	\$220,000

Recurring Multiplier

The amount of Recurring Income paid per \$100 of Recurring Qualified Production increases when Rank Leaders earn more than \$9,000.00 in Builders Base Bonus as indicated in the following chart.

Recurring Multiplier!	
Builders Base Bonus	Recurring Income (per \$100 recurring qualified production)
\$0 to 8,999.00	\$5.00
\$9,000.00 to \$15,999.00	\$6.00
\$16,000.00 to \$22,999.00	\$7.00
\$23,000.00 to \$29,999.00	\$8.00
\$30,000.00	\$9.00
Super Builders Base Bonus (\$30,000.00+ 1 ID Team)	\$10.00

NOTE FOR BOARD OF DIRECTORS LEADERS: Board of Directors Rank Leaders who earn at least \$5,850.00 in Builders Base Bonus will receive at least \$55,000.00 in monthly Recurring Income. They can receive more if more is earned but they will not receive less.

income. They can receive more if more is earned but they will not receive less.

5. BUILDERS BASE BONUS

This bonus rewards rank leaders (MD and above) based on two key growth measures: **Builders Base Volume** and **Quality of Business Index (QBI)**.

Builders Base Volume is a subset of Activation Volume that includes only the initial, first-ever Activation of each Member whether they start as Starter, Classic or Premium. Only the Builders Base volume produced by you and your direct Partner teams who are lower in rank than you and not higher than National Director is used to calculate your Builders Base Bonus. Subsequent Member upgrades beyond the initial Activation and Re-activations of former members do not count as Builders Base Volume and therefore do not generate Builders Base Bonus.

International Director, Executive Director, and Board of Directors legs do not count in Builders Base even when lower in rank than you.

INCOME AND INCENTIVE GUIDE | 

When your Builders Base Volume reaches the levels below in a given calendar month, you can be paid the corresponding percentage of your Builders Base Volume as a bonus.

Builders Base Volume	% Paid in Bonus
\$5,000-\$9,999	5
\$10,000-\$29,999	10

WHEN IS INCOME PAID?

- **Member Activation Bonuses**
 - **Daily Activation Bonus:** Normally paid within 24 hours of a Member activation.
 - **Monthly Activation Bonus:** Paid on the 8th* day of each month, based on the number of CLASSIC or PREMIUM Activations for the prior calendar month.
- **Weekly Matching Bonus:** Paid weekly each Monday morning based on the week ending Sunday at 23:59 UTC (Coordinated Universal Time).
- **Team Leadership Bonus:** Paid on the 10th* day of each month, based on the previous calendar month.

Why Focus on Five Members?

The "five member" strategy is the key to unlocking the full potential of both the inCruises and inhub portal programs.

The primary incentive comes from our partner, inCruises.com, which grants a 100% free membership to any member who recruits five new people.

The inhub portal is designed to amplify this benefit by combining it with our own powerful, smart-contract-based reward structure. By achieving this goal through the inhub portal, you can unlock a comprehensive suite of rewards:

- **Free inCruises Membership**
- **\$2,400 USD in annual Cruise travel credits**

- **inhub Portal Rewards of 8% or 16%**
- **Uniswap Fee Rewards (1%)**
- **Five Types of Recurring Income**

All of this is made possible by leveraging the integrated inhub portal system.

Important Note on Rewards: The inhub portal is committed to rewarding members *only* to the extent programmed by its governing smart contracts. All rewards from the inhub portal itself are controlled and distributed by these smart contracts, which are explained in the next section.

The Three Pillars of the SuccessGuard System

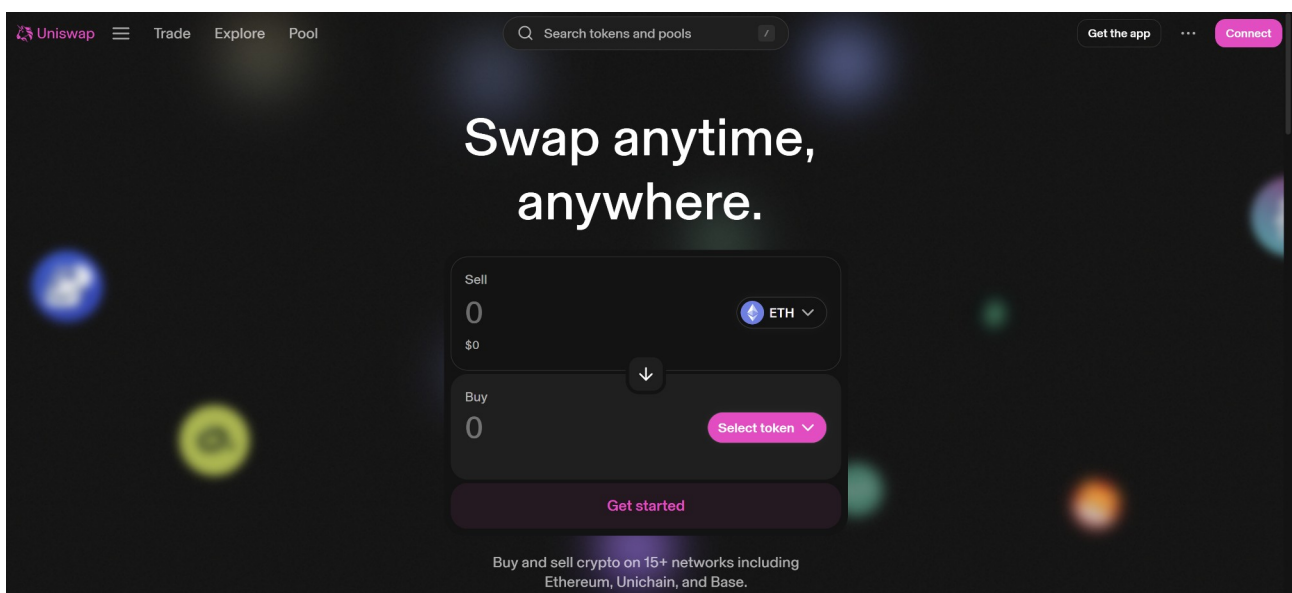

The SuccessGuard Program operates on three interconnected pillars:

Pillar 1: Uniswap Liquidity Pool (Your Security Layer)

You create a liquidity pool with stable tokens (BZeUSD/USDT or BZeUSD/E2P) on Uniswap. This pool is public, verifiable, and remains under your control. It serves as proof of your financial commitment. I suggest to go for currency representing BzeUSD/USDT to avoid loss in token valuation and if you feel confident enough bearing price variation then BzeUSD/E2P is ok.

Once you create liquidity pool at uniswap the LP token stores as NFT in your wallet and it will look as follows. I am providing process as image files below.

1. first step visit uniswap website and it will look like the below image file.

2. Thereafter connect your wallet by clicking right side corner button connect (Most people use metamsk and i use the same)

Step 3: Get Your Tokens Ready

Before you can create your liquidity pool, you need to have the right assets in your wallet. Here's the simple guide to getting prepared.

You have two main options for your liquidity pair. You will need **\$300 worth** of *each* token (for a **\$600 total**):

To get these, you'll start by funding your wallet with USDT.

How to Get Your Tokens

2. Go to Uniswap.org This is where you will swap your USDT for the tokens you need.

3. Swap for Your Tokens Using the Contract Address This is the most important part! To avoid scams and find the *exact* tokens, **do not search by name**. Instead, you will copy and paste the official contract addresses into the Uniswap "select token" field.

Here are the official addresses you need:

E2P Token Address: 0x63453aBC2791e36cAE5b43E49080311129B939D2

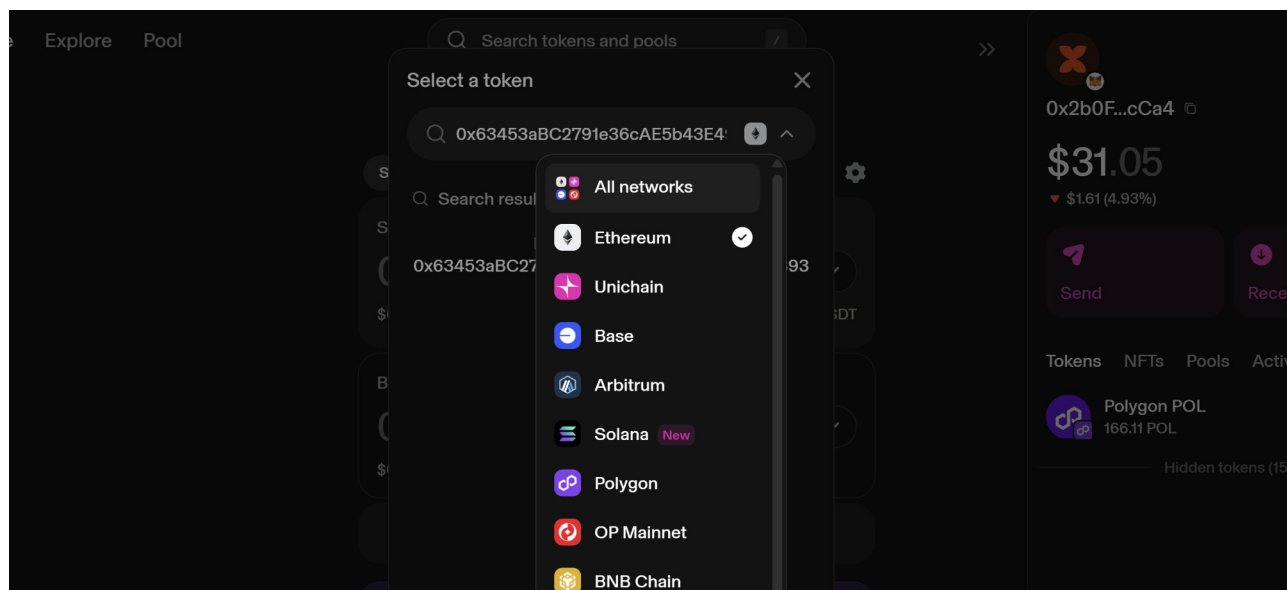

BzeUSD Token Address:

0xC8a8215C04c8cB640a2A82E4A1B6Ca1811D7a650

For example, to get 300 E2P, you will swap \$300 worth of your USDT for it. Then, you'll do a second swap for \$300 worth of BzeUSD (unless you are using USDT as your second pair).

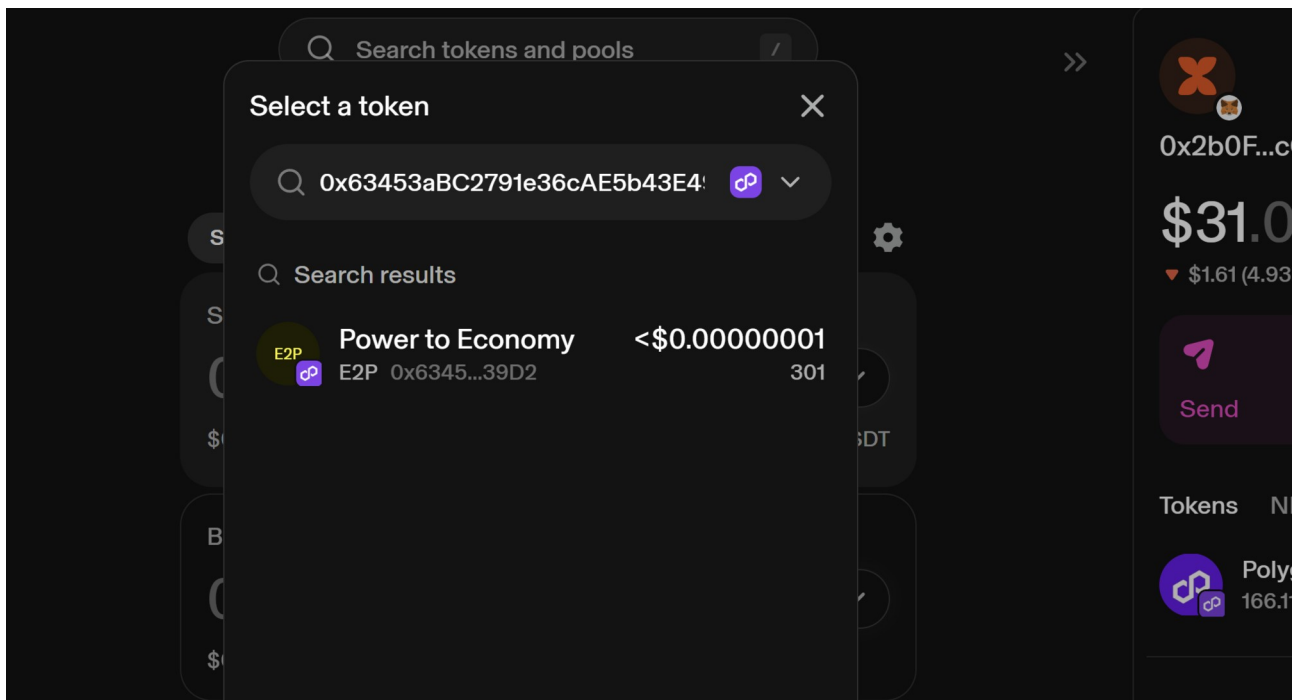

As you can see in the screenshot below, the process is simple: you select USDT as the token you "pay with" and paste the contract address for the token you want to receive.

3. So far I have explained how to procure the tokens for doing the pool creations. Therefore I do not want you to confuse with unnecessary explanation. Therefore now we will go for creating Liquidity pool and therefore I am showing the explanatory images, which will self explain the process of creating Liquidity pool at uniswap.org

In order to create the pool we have to choose Pool create position option at uniswap.org website.

Thereafter you have to click the button create position

you will get the below look like window and there select BZeUSD and E2P pair.(you can go for USDT and BzeUSD pair.)

The screenshot shows the Uniswap 'New position' interface. At the top, there's a navigation bar with 'Trade', 'Explore', and 'Pool' tabs. A search bar is present. The main heading is 'New position' with a 'Reset' button and a 'v4 position' dropdown. On the left, a progress indicator shows 'Step 1: Select token pair and fees' and 'Step 2: Set price range and deposit amounts'. The main content area is titled 'Select pair' and includes a note: 'Choose the tokens you want to provide liquidity for. You can select tokens on all supported networks.' Below this, two dropdown menus are selected: 'BZeUSD' and 'E2P'. There's an 'Add a Hook (Advanced)' link. The 'Fee tier' section shows '0.01% fee tier' and 'Highest TVL' with a 'More' dropdown. A warning box states: 'Creating new pool: Your selections will create a new liquidity pool which may result in lower initial liquidity and increased volatility. Consider adding to an existing pool to minimize these risks.' At the bottom is a 'Continue' button.

once you click continue button you will get the below form

The screenshot shows the 'New position' interface at Step 2: 'Set price range and deposit amounts'. The progress indicator on the left now highlights Step 2. The main content area shows the selected pair 'E2P / BZeUSD' with a 'v4' version and '0.01%' fee tier, and an 'Edit' button. A warning box about creating a new pool is still present. The 'Set initial price' section explains: 'When creating a new pool, you must set the starting exchange rate for both tokens. This rate will reflect the initial market price.' It shows an 'Initial price' of '199.38805' with a note 'BZeUSD = 1 E2P'. Below this, the 'Current price' is '199.388 E2P/BZeUSD (-)' with a 'Use market price' button.

Remember here you have to choose Use Market Price or copy current price and enter at initial price column. It seems to be a little bit confusing but it is better to press use market price option and that will select current market price of the token .

After setting initial price, in the same page, you have another option to enter number of tokens to be deposited. Below, you have to enter 300 BZeUSD tokens first (the whole idea of creating pool is to safeguard the interest of follower by depositing stable BZeUSD first. Therefore instead of Entering number of E2P tokens, Enter 300 BzeUSD tokens.)The corresponding value of E2P will come on its own,and don't break your head to enter E2P value. After that choose Review button to Click

CONGRATULATIONS

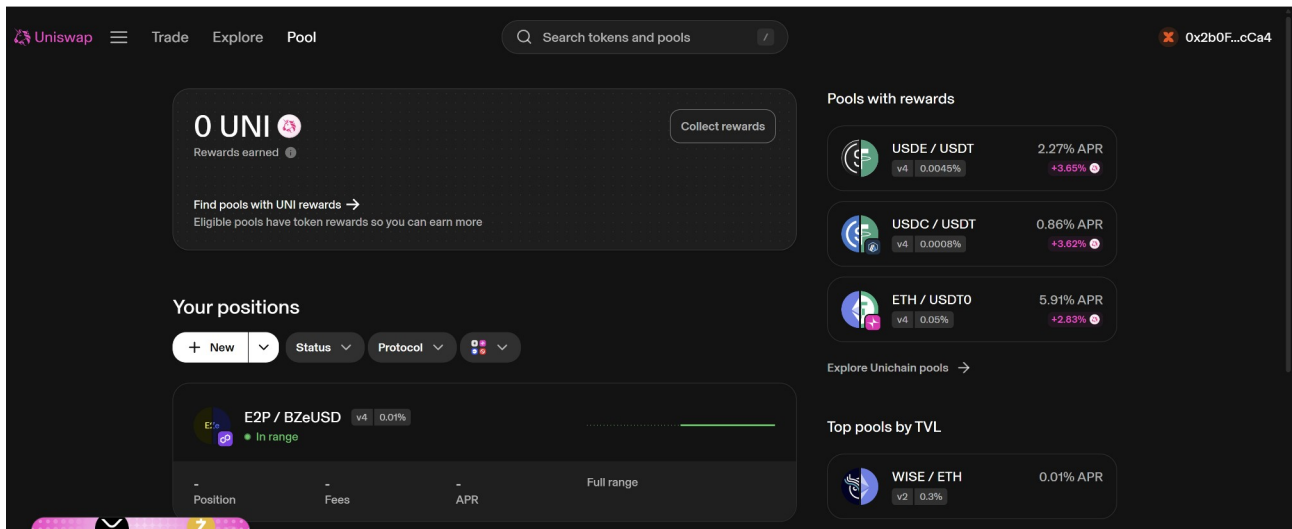

you have created the pool.

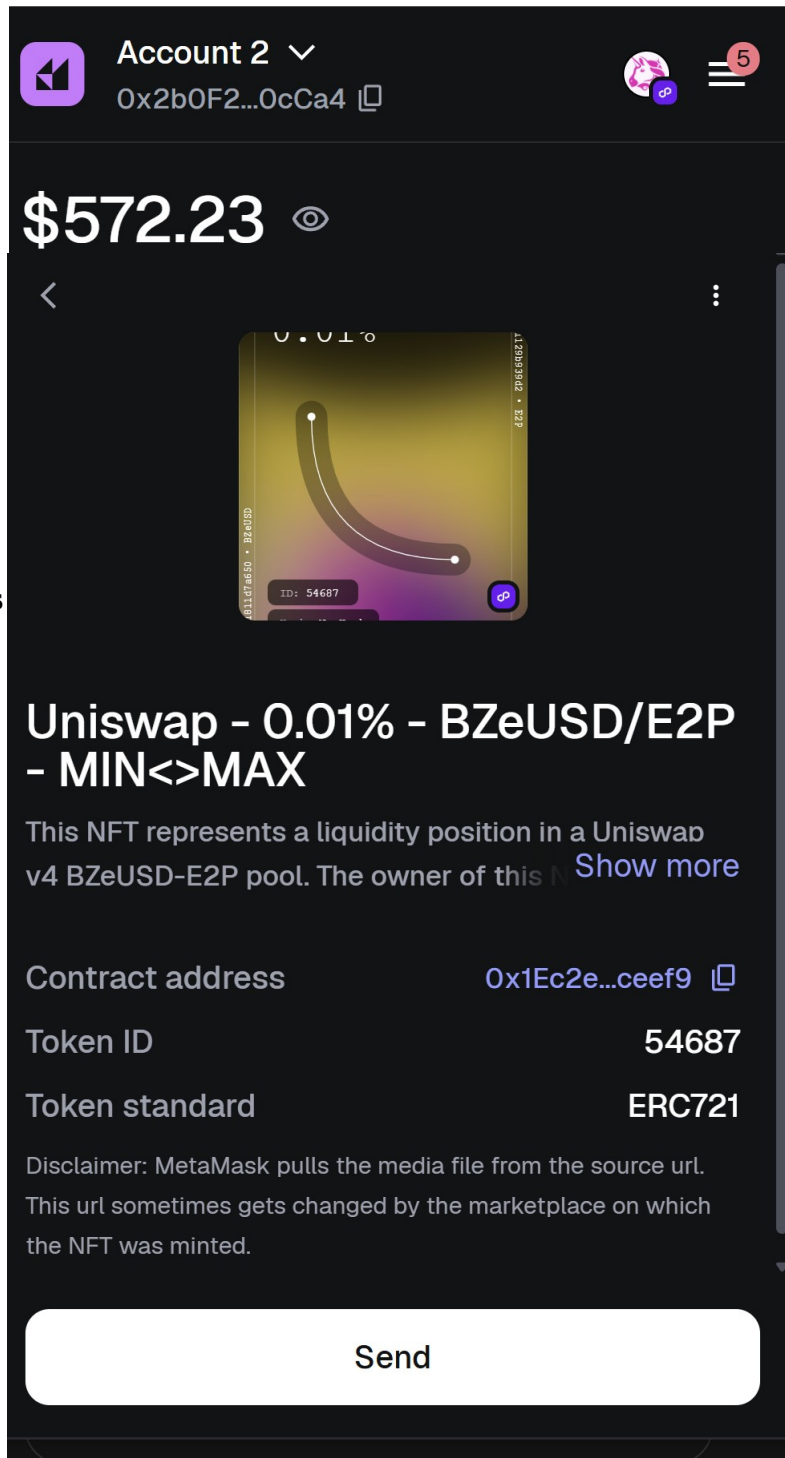

Once the pool is created you will get a wallet confirmation message. This message will appear three times and every time you have to click confirm so that you should be able to generate transaction hash for creating the pool in polygon matic blockchain.

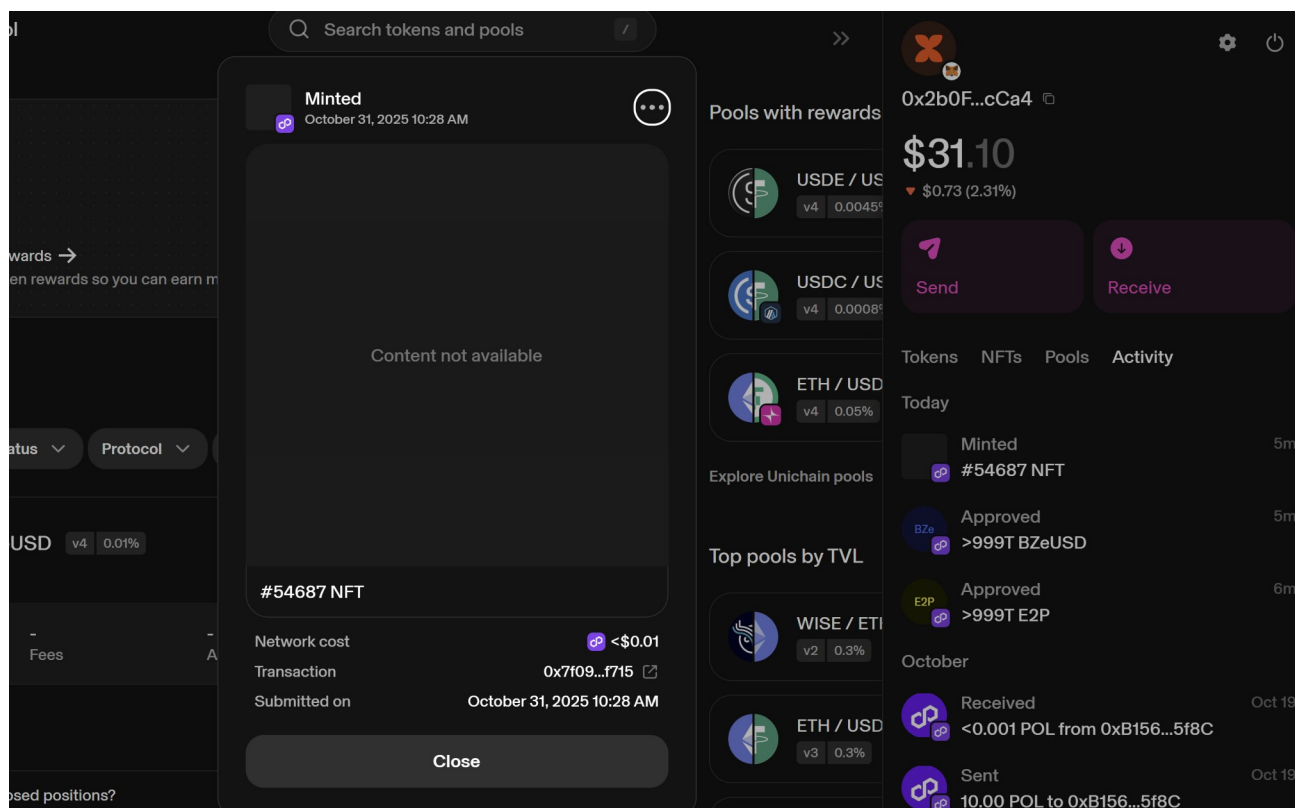

Well once the pool is created then you have to click in your wallet (metamask) NFT's. There you will see NFTS option and there you have to click and there you can see the LP token visible .

and you are able to get token ID and token standard .Kindly write down the token ID and token pair and in my case BZeUSD :E2P (You can go for USDT:BzeUSD as another option)

In the same meta mask wallet there is another option called Activity and it will also show your token ID for creating the NFT and in my case you can see 54687 is visible and click that and that will open showing the NFT created details (Minted Window below in right hand side in image) In that window you can see transaction which starts with 0x7109

Next to that there is one link and once if you click it you are able to open Polygon scan transaction hash details transaction hash. These are all the details required to confirm your

slot to create in hub placement to get your teammate to work on the idea of building network without investment.

The screenshot shows the PolygonScan website interface. At the top, there's a search bar and navigation links. The main content area displays transaction details for a 'Transfer 1 of Uniswap v4 Positions NFT'. Key information includes the transaction hash, status (Success), block number (78390937), and timestamp (5 mins ago). A sponsored banner for 'BC.GAME' is visible, offering '5 BTC FOR FREE' and 'WIN ESPORT'. The 'From' and 'Interacted With (To)' fields show wallet addresses and the role 'Uniswap V4: Position Manager'.

The "No-Risk" Network: How to Earn Without Investing

You might be wondering: what is the purpose of this entire system?

The answer is simple: **To build a powerful, high-reward network without the traditional financial risk.**

This model is designed to create unlimited reward potential by establishing a foundation of verifiable trust. Unlike other programs, you **never deposit your \$600 into the inhub portal**. Your money remains secure in your own wallet, where it's already earning you rewards.

You simply use your "proof of funds" (an LP Token) as a security guarantee for your team. This allows you to build a network where your team leader reimburses your initial membership fee, and you, in turn, do the same for your new members. It's a system built on security and mutual success.

Here is the 3-pillar system that makes it work.

The Three Pillars of Your Success

Pillar 1: Uniswap Liquidity (Your Capital)

You begin by providing a minimum of **\$600** in value to a Uniswap liquidity pool (e.g., \$300 of E2P and \$300 of BzeUSD).

- **Your Funds are Safe:** You do not send this \$600 to anyone. It stays in the pool, associated with *your* wallet.
- **You Receive an LP Token:** In return, Uniswap gives you an LP (Liquidity Pool) token. This token (which is an NFT) is your proof of deposit and is the *only* thing you will use in the inhub portal.

Pillar 2: inhub Smart Contract (Your Trust Enforcer)

Next, you lock your **LP token** (not your actual funds) into the inhub smart contract. This is the most critical step, as it:

- **Acts as a Guarantee:** It creates an unbreakable, on-chain guarantee that you can cover the initial **\$100 BzeUSD** membership fee for your new team members.
- **Builds Trust:** This "security fund" proves to your recruits that their initial investment is safe, as you are committed to reimbursing them when they succeed.
- **Unlocks Your Slots:** This action officially "earmarks" the five follower slots under you. (Note: This security fund cannot be moved after you recruit a team member.)

Pillar 3: inCruises Membership (Your Wealth Engine)

Once you build your team of five, you join inCruises. Your upline leader refunds your initial fee, making your membership **effectively free**.

This is where you begin to generate life-changing income through the powerful inCruises compensation plan, which includes commissions, bonuses, and team overrides. (*For full details, refer to the official inCruises Compensation Plan.*)

Your Triple-Reward Structure

While your \$600 in liquidity is safe, it's also **working for you in three ways at the same time**:

1. **Uniswap Pool Fees (Approx. 1%):** You automatically earn a percentage of the 1% swap fee every time your tokens are used on Uniswap. With a large pool and high transaction volume, this provides a solid return on its own.
2. **inhub Portal Rewards:** This is your primary reward from our system for locking your LP token and building your team.
3. **Team Leader Match:** Your team leader matches the inhub reward, doubling your return.

Here is the rewards breakdown based on your chosen pool:

- **Pool 1 (e.g., USDT:BzeUSD):**
 - 4% from inhub
 - 4% from your Team Leader
 - **Total: 8% on \$600 = \$48 BzeUSD** (plus your Uniswap fees)
- **Pool 2 (e.g., E2P:BzeUSD):**
 - 8% from inhub
 - 8% from your Team Leader
 - **Total: 16% on \$600 = \$96 BzeUSD** (plus your Uniswap fees)

These BzeUSD rewards can then be held or swapped for USDT or other tokens at any time on Uniswap.

Your Next Step: Get Connected

Now that you have your **Token ID** and **Transaction Hash** from creating your liquidity pool, it's time to get assigned to a team.

You have three options:

1. Contact your existing team leader directly.
2. Email inhub@pxdmail.net to be assigned a team leader in your area.
3. Use the **contact form at the end of this book**. Fill it out with your details (Email, Wallet Address, Token ID, and Transaction Hash), save it, and email the form to us.

4. RECURRING INCOME

All inCruises Rank Leaders are eligible to earn a minimum \$5.00 of Recurring Income for every \$100 of Recurring Qualified Production (RQP).

Recurring Qualified Production is calculated based on the combined recurring production of you and your partner team, subject to a 40% Rule.

Applied here this rule ensures that no more than 40% of the production necessary for achieving Recurring Qualified Production Thresholds can come from one Partner leg.

It is important to note that although Recurring Qualified Production uses a 40% rule like Qualified Production it is calculated independently according to the Recurring Qualified Production Thresholds and the maximum allowable Recurring Qualified Production from any one Partner leg per the schedule below.

Recurring Qualified Production								
Thresholds	<\$3,000	\$3,000 to \$9,900	\$10,000 to \$24,900	\$25,000 to \$49,900	\$50,000 to \$99,900	\$100,000 to \$249,900	\$250,000 to \$549,900	\$550,000
Max RQP per leg- (40% rule)	\$1,200	\$1,200	\$4,000	\$10,000	\$20,000	\$40,000	\$100,000	\$220,000

Recurring Multiplier

The amount of Recurring Income paid per \$100 of Recurring Qualified Production increases when Rank Leaders earn more than \$9,000.00 in Builders Base Bonus as indicated in the following chart.

How to Join ?

How to Join the Team

Joining is a simple process:

1. **Fill out the form** and submit it directly.(Download the Form <https://inhub.1bz.biz/inhubpdf.pdf>)
2. Alternatively, you can fill out the form, **save it as a PDF**, and share it with your team leader.
3. Once processed, you will receive your confirmed **membership ID**, which will be registered in the smart contract.If you get this document with team leader email ID is prefilled and that means you have team leader assigned and if the team leader 5 members slot is prefilled then we will notify then you can contact your referrer email id to designate another team leader for you.In smart contract you can check against your team leader wallet address the number of people joined under the team leader.

Resources and Support

This book contains all the information you need, covering everything from creating a liquidity pool to joining the program. If you still have questions, please post them in our **Telegram or WhatsApp groups**, and we will help resolve your doubts.

The Core Concept

The entire idea behind this book and the smart contract is to help people effectively build their network. This strategy is versatile and can be used for any affiliate marketing program, not just inCruises.com.

Why We Use inCruises

We have adopted this model for inCruises because the benefits are simple and clear:

- By recruiting just **five team members** under you, you can get the inCruises product **free of cost for life**.
- You also become eligible to enjoy additional incentives through **compensation and salary income**.

Your Financial Safety

Your funds are safe. Here is how the liquidity pool works:

- If you are unable to recruit team members, you can **withdraw from your liquidity pool at any time**.
- Your liquidity pool is only **locked for one year** *after* you have successfully recruited fellow members (who are also locked in by creating their own pools).

Strategic Note: You can discuss joining dates with a prospective fellow member. By joining *before* them, you can provide your inCruises.com referral URL. They can then join using your link and claim a refund from you for their initial payment.
